# Britannia

From white to black via yellow ochre, antique pink, powder blue and metallised finishes, colour in all its different degrees of intensity, is king. The smooth, glossy surface of the tiles and their bevelled edges offer an appealing texture.

## NOTES

To avoid lippage we recommend the use of self-levelling spacers

\* Monkhill has a metallic appearance and a Gloss Crackle Bevelled finish.

\*\* Laying instructions for tiles with colour variation: It is recommended to take tiles from several boxes at a time to ensure proper shade variation that enhances the variability and randomness of the finished surface.
