## About Solus Plus

Solus Plus is our new mark of assurance for responsibly sourced products. Built on the rigorous standards of BES 6001, it highlights collections produced by factories that demonstrate industry-leading sustainability across their entire supply chain, from raw material extraction to final delivery.

When specified through Solus, these products can contribute valuable credits toward BREEAM, LEED and WELL certification, helping you meet your environmental targets without compromising on quality or design. Look for the Solus Plus symbol to specify with confidence.
